PROFESSIONAL SUMMARY

An Aerospace engineering graduate with interest in aerospace development, computer aided design (CAD), and engineering analysis, with foundation in aircraft systems, structures, and applied engineering principles. Seeking entry level or graduate opportunities in engineering and technical roles

PERSONAL DATA:

Nationality:	Nigerian
State:	Akwa Ibom State
Gender:	Male
Marital Status:	Single
Postal Address:	19 Ikot Ebok Street, off Liverpool road, Eket, Akwa Ibom State
Languages:	English, Ibibio

TECHNICAL SKILLS

- ✓ Aircraft systems and structural fundamental
- ✓ CAD modelling and reverse engineering (SolidWorks)
- ✓ Familiarity with aircraft maintenance practices and safety principles
- ✓ Engineering Design, Computation and Simulation | SolidWorks, Catia, ANSYS, MATLAB, OpenVSP
- ✓ Web Development | HTML, CSS, JavaScript, React
- ✓ Version Control | Git
- ✓ Productivity Tools | MS Word, Powerpoint

SOFT SKILLS

- ✓ Analytical thinking and problem solving
- ✓ Effective communication
- ✓ Data analysis and interpretation
- ✓ Team collaboration and interpersonal skill
- ✓ Adaptability and learning agility
- ✓ Attention to detail
- ✓ Time management

EDUCATION AND CERTIFICATION

- | | |
|---|-----------------------------|
| ✓ B.Eng Aerospace Engineering Airforce Institute of Technology, Kaduna
CGPA: 4.84/5.0 [Top 4%] (First Class) | Apr 2021 – Sept 2025 |
| ✓ Responsive Web Design FreeCodeCamp, https://www.freecodecamp.org | 27 th May, 2020 |
| ✓ Legacy JavaScript Algorithms and Data Structures FreeCodeCamp | 27 th Sept, 2021 |

WORK EXPERIENCE

Freelance [Web Development, CAD and Engineering Analysis] | Remote

- Delivered a range of technical solutions including responsive web design, CAD modelling, and ANSYS-based simulations for various clients

Engineering Intern | 431 Engineering Group, NAF Base, Kaduna

Apr 2024 – Oct 2024

- Gathered experience in the field of aircraft maintenance
- Assisted in the procurement of tools needed during maintenance processes
- Involved in cleaning aircraft and aircraft components during/after maintenance
- Aided technicians in preparing aircraft parts for inspection, repair, and reassembly
- Participated in technical lectures and workshops on aircraft systems and maintenance procedures

Engineering Intern | Victor Attah International Airport, Uyo, Akwa Ibom

Nov 2023–Jan 2024

- Gained experience in airport facility maintenance
- Assisted technicians to inspect, repair, or replace faulty airport facilities
- Operated and monitored essential utilities like water pumps, lights, and sewer system at scheduled intervals
- Switched electrical power sources between PHCN and generator during outages
- Performed visual inspections on power generators and electrical systems, recording readings and observations in daily logs

After School Tutor | Eket, Akwa Ibom

Feb 2021 – Apr 2021

- Engage actively with students to build confidence in subject matter and help improve academic grade.
- Personalized lessons to meet individual need of each student.
- Provided subject specific tutorial support to student both one on one and in group session.

Academic Tutor | Eket, Akwa Ibom

Sept 2019 – Nov 2019

- Personalized lessons to meet individual need of each student.
- Provided subject specific tutorial support to student both one on one and in group session.
- Engage actively with students to build confidence in subject matter and help improve study method.
- Coached students on academic concepts and explain terminology in easy-to-understand language.

LEADERSHIP AND VOLUNTEER EXPERIENCE

Facilitator (Speaker), Tech Awareness Event | Teen Tech

- Sensitized participants about technology, digital skills, and opportunities in the tech ecosystem

Group Leader, Academic Projects | Airforce Institute of Technology, Kaduna

- Coordinated team efforts, delegated tasks, and ensured timely completion of multiple coursework projects

Peer Tutor | Airforce Institute of Technology, Kaduna

- Conducted tutorial sessions in group and individual settings for students in core engineering courses, improving understanding performance

Volunteer, Career and Health Awareness Outreach | Government Primary School NAF Base, Kaduna

- Collaborated with peers to educate pupils on career planning, health awareness, and personal development

President, JETS Club | Government Secondary School, Afaha Eket

- Led academic and technical club activities, organized projects, and motivated members to participate in STEM competitions

HOBBIES

- | | | |
|-----------|---------------------------|----------|
| ❖ Chess | ❖ Football | ❖ Music |
| ❖ Reading | ❖ Hiking and Sight-Seeing | ❖ Movies |
